NEW COURSES – Thanks to all the members who continue to take advantage of the free copy or subscription upgrade offer.

Quite a few new courses have been added to the list including a number of new courses in Phuket, Thailand, Tasmania Golf Club and WA. The list is still a work in progress and is constantly being updated.

If you have a course or courses that you have entered in your private member's area and would like to share these with other users, please send an email to admin@wegolf.com.au; include your mobile phone number, the course name and we will make it public after a sanity check. You will receive a upgrade to your subscription with an additional year free of charge.

We urgently require a new mapping of two Victorian golf courses: Melton Valley and Sunshine. Is there any member out there who can help us out? You'll be given a free 1-year subscription on your existing membership or a free WeGolf membership – the choice is yours.

Courses that we require are listed in the **Coming Soon** section at the bottom of this list.

NEWS FLASH – See the homepage on how to get WeGolf for absolutely free or your subscription extended for absolutely free!

NEW VERSION – just released, WeGolf for the iPhone! Go to the FAQ page of the website to see how to get it. It is currently only available from Apple through iTunes at a special price for a limited time. If you purchased a CD for install WeGolf on the iPhone and were informed that it did not work, contact us and we will extend your subscription once you download it from Apple.
